

WELLPET RECALL

Wellpet has voluntarily recalled a limited amount of **Wellness 95% Beef Topper for Dogs** due to the potential of elevated levels of naturally occurring beef thyroid hormone.

Elevated levels may affect a dog's metabolism and can be associated with anxiousness, increased thirst, increased urinary output and weight loss. With prolonged consumption, symptoms may increase in severity and may include vomiting, diarrhea and difficulty breathing.

FDA advised Wellpet of three dogs that were affected. The dogs have since fully recovered.

The product was sold in 13.2 oz. cans with best-buy dates of **02 FEB 19, 29 AUG 19 and 30AUG 19**. These numbers can be found at the bottom of the can.

Consumers with questions can call 877-227-9587.

BLUE BUFFALO RECALL

Blue Buffalo Company has voluntarily recalled a lot of **Blue Wilderness Rocky Mountain Recipe Red Meat Dinner** wet food for adult dogs due to the potential of elevated levels of naturally occurring beef thyroid hormones.

The product is sold in 12.5 oz. cans with UPC code of **840243101153** and a best-buy date of **June 7, 2019** found at the bottom of the can.

Consumers with questions can call 866-201-9072.
